**MISSION**

**VISION**

**VALUES**

**Formalized at GGC**

As we briefly discussed at our Christmas lunch celebration in December we have recently completed an initiative to formalize GGC's Mission, Vision, Purpose, and Values Statements. We will soon add these to our website and appropriately display them in our office.

This agenda was initially kick started by Stewart Evans back during the early part of 2022. As a bit of legacy Stewart laid some critical parts of the foundation for this initiative and was fortunately able to communicate his vision before his untimely passing last April. As you would anticipate much of what is contained in our published version were his original thoughts. As we all well remember, Stewart had a precious gift of encouraging all those around him. He simply made us a better team and he is surely missed. The end results of our efforts include the following:

*(See Pg 3)*

---

## **OUR PURPOSE**

---

Our purpose is to continually cultivate a people-centric organization that believes in selfless behavior, an investment in relationships, and continual self-improvement. We believe in a commitment to accountability, integrity, innovation, and fiscal responsibility.

---

## **MISSION STATEMENT**

---

To be consistently recognized by our industry partners and our people as a highly reliable, reputable, and trusted concrete trade contractor.

---

## **VISION STATEMENT**

---

To lead with humility, embrace servant leadership, and consistently deliver on our promise to our team and our industry partners to always be a highly performing concrete trade contractor.

---

## **OUR PROMISE TO OUR TEAM**

---

To create an environment where our employees can be heard, where they can maximize their professional development, pursue their financial objectives, and where they can maintain their interest in working for our company.
